Nairobi, Kenya

"we traverse this life with you parcel by parcel"

MANAGING DIRECTOR'S MESSAGE

It's my pleasure to thank our clients for their continued confidence in our company. This inspires us to continually improve our services and provide value for their money in our endeavor to make them clients for life.

We keep a keen eye on emerging trends in the fields of geospatial engineering and land surveying in terms of technology, new laws and customer needs. Our company embraces modern technology in hardware and software fusing together our extraordinary staff and outstanding leadership to be able to offer quality services to our clients.

The co-founder – Evans Chelal – and I strongly believe that the company will only get better and we are committed to providing long-term solutions to surveying and engineering matters as we live to our tag line, "we traverse this life with you parcel by parcel".

Tiberius Orechi
MANAGING DIRECTOR
TIBERIUS & CHELAL ASSOCIATES

"we traverse this life with you parcel by parcel"

COMPANY OVERVIEW

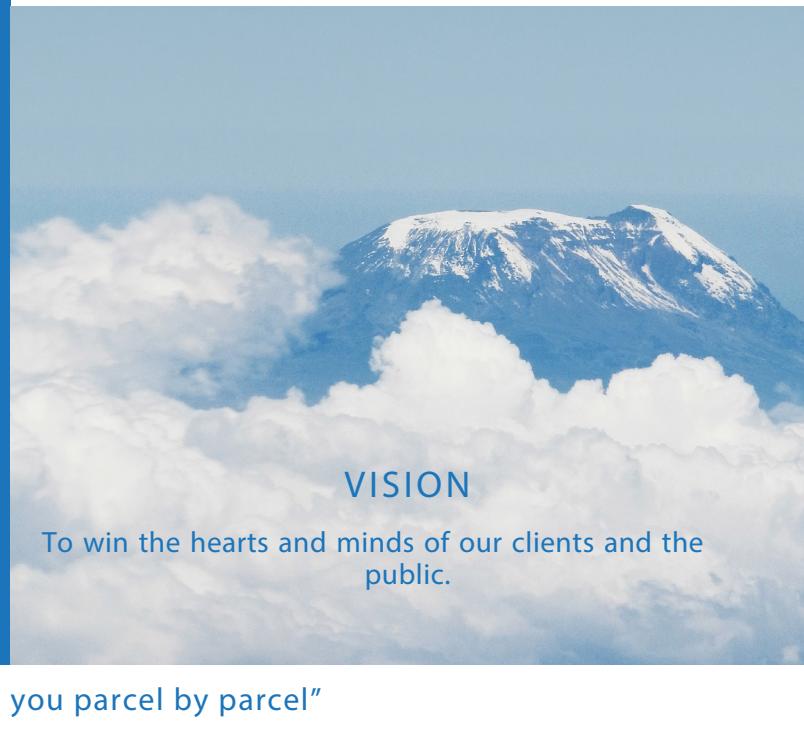

Tiberius & Chelal Associates is a limited company incorporated in 2017 in Kenya under the Kenyan Companies Act, 2015 when two like-minded Geospatial Engineers came together and agreed to combine their knowledge and skills to provide services in the fields of Geospatial Engineering and Land Surveying.

We offer services ranging from cadastral surveying(title surveys), Topographical Surveying (for roads, houses, dams and other engineering structures), Setting Out for roads, houses and other structures and Geographic Information Systems (GIS) especially in the management and processing of location data including database creation and updating.

During this one year, we have achieved a solid reputation for providing reliable service to individuals and organizations with timely surveys to keep their projects on time and on budget.

MISSION STATEMENT

To collaborate with our clients by deploying a relentless focus on quality and excellent service in the sector of Land Surveying, Geospatial Solutions and Engineering.

VISION

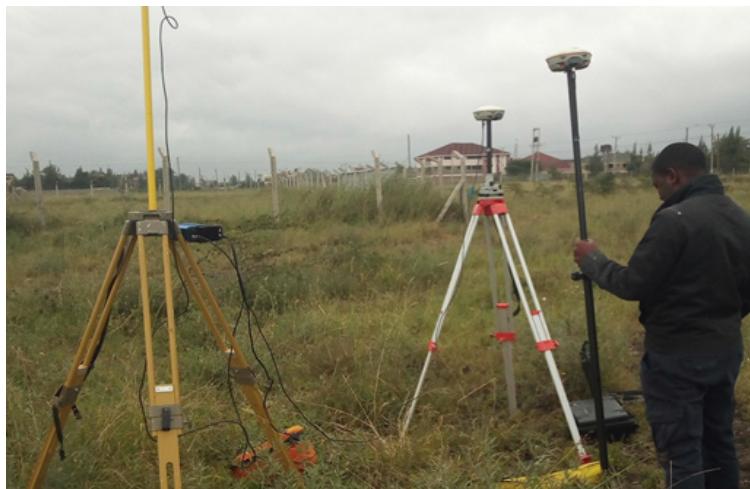

To win the hearts and minds of our clients and the public.

CORPORATE PHILOSOPHY

1. Respect - we make positive difference to our clients, respecting the views and opinion of others.
2. Relationships with clients – we deliver a consistent and exceptional client experience.
3. Responsibility – we are accountable for the overall quality through actions and communication throughout each work and each project.

SIMILAR ASSIGNMENTS

1. Boundary confirmation for parcel Dagoretti/ Mutuini/591 in Karinde between 29th August 2017 to 30th August 2017.
2. Cadastral survey for parcel LR NO 12715/727 in Syokimau from 30th June 2018 to 4th, July 2018.

3. Carrying out a resettlement action plan for Bonyunyu Dam Nyamira County.

TRAINING AND DEVELOPMENT

Training and development for the available workforce is vital for the success of any organization.

In line with this we offer training services for the operations of various surveying equipment, the various software, Field surveying, GIS and Remote Sensing.
